### **DETAILED ACTION**

Applicant's response filed November 19, 2004 have been entered.

### **REASON FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The arguments present in the response filed November 19, 2004 have been considered, and are persuasive to withdraw the outstanding rejection under 35 USC 103. In particular, the cited prior art do not teach or fairly suggest the selection of misoprostol among a laundry list of female sexual dysfunction treatment agents. The information provided by the applicant in December 17, 2003 have been reconsidered. It is pointed out that some of the other female sexual dysfunction treatment agents disclosed in Nahoum, such as sildenafil and yohimbine, are not effective in treating female sexual dysfunction. therefore, there is no reason to select misoprostol out of a laundry list of compounds to treat female sexual dysfunction as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 27-31, 33-42, and 48-57 are allowed.
